

Subject: IMMEDIATE ACTION REQUIRED: ASAP BioPharma Conference Livestream Access

Hello,

We look forward to you joining the virtual 2020 ASAP BioPharma Conference next week. [This is a follow-up email from one that was sent last week specific to creating a Vimeo account.](#) Our records indicate that you have not yet set this account up. The link below provides detailed information on how to accomplish this.

As mentioned in last week's communication, the conference will stream live through Vimeo and **it is critical that you respond to the automated email sent through Vimeo asking that you set up an account.** If this is not completed, you will not be able to access the conference showcase that will stream the live event. To assist in this request, we are sending an automated reminder notification to activated your email and to set up your account on Vimeo today.

Please let me know if you have any questions regarding this information or did not receive the automated email.

Regards,

Michele
